REPRESENTATIVE ASSIGNMENTS AND ENGAGEMENT WORK

- Provided financial advisory consulting services, delivered a fairness opinion and valuation in connection with an ESOP purchase of a majority equity position of a large wholesale distributor and dealer of cellular phone accessories and handsets.
- Developed an equity valuation, pursuant to IRC § 409A, for a technology based company located in Atlanta, Georgia. The subject company has a complex capital structure consisting of multiple classes of preferred equity, as well as multiple grants of employee stock options.
- Performed a business appraisal opining to the fair market value of a minority equity interest in a large, closely company that provides transportation management and trucking software solutions to the trucking industry. The subject business appraisal was used in connection with estate and gift tax planning purposes.
- Provided financial advisory consulting in connection with the sale of a majority equity interest in a closely manufacturing company operating within the electroplating and zinc coating industry. The subject interest was acquired by the remaining management team. Included within the deliverable was our opinion of the range of equity values for the acquired interest as well as proposed scenarios to finance the purchase price in the transaction.
- Developed a business appraisal report providing our opinion of value of the stock of a closely wholesale distributor of branded outdoor power equipment, accessories and parts, for ESOP administration and ERISA tax purposes.
